BROUGHT TO YOU BY ROOFING CORP OF AMERICA

RoofAdvantage 360™ was developed by Roofing Corp of America, one of the nation's largest roofing contractors. Our wholly owned family of contractors is comprised of some of the very best organizations in the industry. While each company continues to deliver its own proven, winning formulas in local markets, their unique strengths have been consolidated under one umbrella, creating a national organization with the highest standards of quality, safety and service.

PROTECTING YOUR ROOF AND EVERYTHING IT PROTECTS.

Your roof system is one of your most critical investments as it protects the people, valuable inventory and equipment inside your building. Roof failure means disruption, risk and tremendous headaches. We developed RoofAdvantage 360™ to safeguard your roof, save you money and address all your roofing needs so you can tend to other challenges with the confidence that your roof is in the hands of skilled professionals.

THE COMPREHENSIVE COMMERCIAL ROOF SERVICE AND MAINTENANCE SOLUTION.

RoofAdvantage 360™ supports building owners and managers across the nation, delivering proactive solutions that maximize roof performance and life while mitigating problems and ensuring rapid emergency response. Whether you are responsible for one facility or dozens, RoofAdvantage 360 is the solution for efficient, consistent, professional and safe roofing services.

ROOFADVANTAGE 360™ IS A COLLECTION OF BEST-IN-CLASS SERVICES PROVIDING YOU WITH COMPLETE COVERAGE.

DEFEND 360 PREVENTATIVE MAINTENANCE PROGRAM

Get the most out of your roof asset with high-quality care and upkeep. Our professionals will regularly inspect and actively maintain your roof portfolio, provide detailed roof condition reports, and offer proactive solutions that put you in control and allow you to focus on other priorities.

- Increase the useful life of your roof system and minimize total costs
- Improve compliance and safety, and ensure priority leak response
- Adhere to (and even extend) your manufacturer's warranty

RESTORE 360 ROOF REPAIR AND IMPROVEMENTS

A reliable partner to owners, manufacturers and designers, we repair, upgrade or improve failed or aging roof assets, bridging to long-term solutions. Our professional repair specifications and proposals are paired with safe installations to give you complete confidence in your roof.

- Work with a team with proven capabilities in extending roof life
- Manage, optimize and maintain your manufacturer's warranty
- Reduce or delay large capital expenditures

RESPOND 360 EMERGENCY LEAK REPAIRS

Stop the leaks and minimize damage with our trained dispatch staff and professional field technicians. Available to respond with urgency to emergency roof situations, Respond 360 will ease your mind knowing that you have the most trusted and reliable sources for roof service ready when you need them.

- Partner with a contractor where roof service is a top priority
- Get detailed communications and reports on all service visits and outcomes
- Experience exceptional safety, cleanliness and care for your facility
